

I didn't know

VERSE 1

Em **C**
The warning I can read
G **D**
Is telling me not to be

This way

Em **C**
The only store is closed
G **D**
And I've got no purpose

To stay

CHORUS

Em
I didn't know
C
That somewhere under this crap
G **D**
There was a piece of air to breathe
Em
I didn't know
C
That somehow under my head
G **D**
There was still a new life to live

VERSE 2

Em **C**
I wanted to believe
G
That my soul couldn't leave
D
My body

Em **C**
I wanted just to feel
G **D**
What was like to be puerile
Em
To be nothing less than real

C **G**

BRIDGE

D
Nothing less than real

I didn't know

VERSE 3

Em **C**
The only soul that's here
 G **D**
It's the one that I most fear

Em **C**
The only song I like
 G **D**
It's the one that I can't hear

CHORUS

Em
I didn't know
 C
That somewhere under this crap
 G **D**
There was a piece of air to breathe
Em
I didn't know
 C
That somehow under my head
 G **D**
There was still a new life to live

VERSE 4

Em **C**
I wanted to move on
 G **D**
But I didn't have a horn

To perform

Em **C**
I wanted just to take
 G
Everything that I've lost
D
On my break

CHORUS

Em
I didn't know
 C
That somewhere under this crap
 G **D**
There was a piece of air to breathe
Em
I didn't know
 C
That somehow under my head
 G **D**
There was still a new life to live
